**Remarks**

Claims 1-78 were pending in the subject application. By this amendment, applicants have canceled claims 1-29 and 42-51 and amended claims 30, 32, 33, 62-65, 68-71, 74, 76 and 77. Consequently, claims 30-41 and 52-78 are currently pending.

The subject application claims the benefit of U.S. Application No. 09/709,103, filed November 8, 2000. U.S. Application No. 09/709,103 was allowed on November 26, 2003 and the issue fee was paid on February 25, 2004. However, the patent has not yet issued. Consequently, U.S. Application No. 09/709,103 is copending with this continuation and this continuation is being timely filed.

**INFORMATION DISCLOSURE STATEMENT**

In accordance with their duty of disclosure under 37 C.F.R. §1.56, applicants would like to direct the Examiner's attention to the following references, which are listed on Form PTO-1449 (**Exhibit A**).

This Information Disclosure Statement is being submitted pursuant to 37 C.F.R. §1.97(b)(3) before the mailing of a first Office Action on the merits. Thus, this Information Disclosure Statement should be entered and considered.

The above-identified application claims benefit under 35 U.S.C. §120 of Serial No. 09/709,103, filed November 8, 2000. Copies of the documents listed below have previously been submitted to, or cited by the U.S. Patent Office in connection with Serial No. 09/709,103. Therefore, in accordance with 37 C.F.R. §1.98(d), copies of the documents listed below are not provided. However, for the Examiner's convenience, Applicants attach hereto copies

**Sequence Listing with**

**Request for Transfer of Computer Readable Form.**

The computer readable form of the Sequence Listing in this application is identical with the computer readable form submitted in the parent application, U.S. Serial No. 09/709,103, filed November 8, 2000. In accordance with 37 C.F.R. §1.821(e), please use the computer readable form submitted on March 18, 2002 in the 09/709,103 application as the computer readable form for the instant application. It is understood that the Patent and Trademark Office will make the necessary changes in the application number and filing date for the computer readable form that will be used for the instant application. A paper copy of the Sequence Listing, which is identical to the computer readable form submitted on March 18, 2002, is included herewith as **Exhibit B.**
